Show Me The Homes

Instructions for viewing a downloaded Show Me The Homes Property Tour

1. Right-click on the "PropTour_[tour id].zip" file that you previously downloaded and select "Extract All..."

2. Click "Next" and enter a path and folder name for the tour files to be extracted to, or accept the default value provided. The default path will be the same as the folder you right-clicked.

3. Click "Next". The files will take several seconds to extract.

4. Verify that the box is checked next to "Show extracted files" and click "Finish".

5. Inside the "PropTour_[tour id]" folder are all of the necessary files and folders to run the Property Tour. Double-click the index.html file to view the tour. The tour will display in your Internet browser, but you do not have to be connected to the Internet for this to function.

Instructions for making a property tour CD

1. Follow steps 1-4 above.

2. Burn ALL of the CONTENTS of the "PropTour_[tour id]" folder (not the folder itself) to a CD.
